

# CYBERSECURITY FORUMS

The Pacific Northwest has been the site for a pilot program to help manufacturers comply with cybersecurity requirements. Based on feedback from this program, we are launching a monthly check in to provide relevant information... and lots of time for your questions to be answered by our cybersecurity expert panel. The content will be targeted to both management and technical staff working toward cybersecurity compliance with the Department of Defense's Cybersecurity Maturity Model Certification (CMMC) and other cybersecurity efforts.

This program is presented by Impact Washington, Oregon Manufacturing Extension Partnership (OMEP), TechHelp Idaho, and Alaska Manufacturing Extension Partnership (MEP) Center, with support from with Pacific Northwest Defense Coalition (PNDC) and Pacific Northwest Aerospace Alliance (PNAA).

*These events are **FREE** to attend*
