Accelerator services.

**GCAP, Oregon Emergency Management (OEM) and US Small Business Administration (SBA) are offering a comprehensive training for businesses wanting to understand how disaster contracting works and how to compete before during and after times of disasters.**

Topics will include:

- Is your business Ready to contract with the government during times of disaster?
- Understanding the phases and in which phase does your business fit?
- Necessary registrations
- Presentations from city, county, state and federal experts
- How to position your business to be ready to contract with the government when a disaster strikes
- Dedicated networking time so you have the chance to meet directly with speakers and participants
- And more!

**Seating is limited and you must register in advance to attend**

To register, and pay via credit card click [here](#).
